CHAIR OF GOVERNORS: LAURA GILLESPIE

18 May 2017

Dear Parent/Carer

Transition for Year 11 to Post 16

Your son/daughter has already spent a number of half days visiting Sheaf College, where they will be based when they move into Bents Green School Post 16 in September 2017. These visits have been supported by existing school staff and have been a valuable introduction to Sheaf College.

After the Spring Bank holiday we will gradually be increasing the time the students spend at Sheaf College, where they will have the opportunity to work alongside the current Post 16 staff team. During this time at college they will be involved in a number of different lessons that will give them a feel for how they will work in September.

The days set aside for this are Monday 12th, Tuesday 20th and Monday 26th June which takes us up to the school leavers date of Friday 30th June. On these days present Y11 staff will travel to Sheaf College with the students and will support them on the return journey to Bents Green School for the transport home.

Your son/daughter leaves school on Friday 30th June and will spend the next week at home. From Monday 10th July they will attend Sheaf College full time until we break up for summer on Friday 21st July. Further details regarding transport arrangements and the timetable for this period will be sent in due course.

If you have any questions about the planned transitions, please do not hesitate to contact myself at Sheaf College direct on 01144031048.

Yours sincerely

Frank Hunter
Post 16 Assistant Head
